Junior Developer Group Welcome Pack
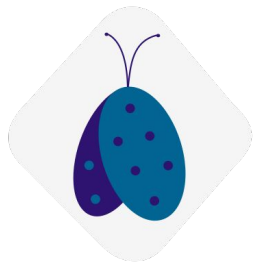

November, 2021

Welcome 👋

JDG an international open-source community helping early career developers gain new skills, make meaningful connections and provide guidance to those entering their first roles in tech.

We started working together in December 2020 and have been building projects and debugging JavaScript ever since.
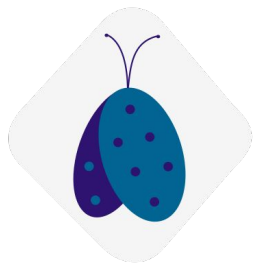

A QUICK INTRODUCTION

Tools and Technologies

Tech

For a large majority of our projects we use HTML/CSS and vanilla JavaScript. However, we're slowly moving on to building projects using JS frameworks such as Vue.
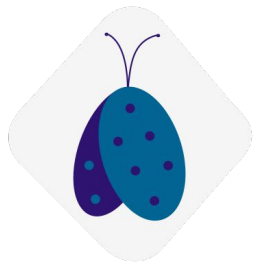

Tools

We use Figma for our designs, Jira for ticket management (we work in sprints), Discord as a main communication platform and Gather for our Friday Focus Sessions.

Group Projects

👉 **Our first Team Page**   **[COMPLETED]**

👉 **Sleep Quality Calculator**   **[COMPLETED]**

👉 **Tamagotchi inspired browser game**   **[ABANDONED]**

👉 **Cat Match**   **[PAUSED]**

👉 **Hacktoberfest Challenge 2021**   **[COMPLETED]**

👉 **V2 of our website**   **[In Progress]**

Group Meetings

Since the group was created we've always met once a week. Always on Fridays at 7 PM UK Time.

Sometimes we will schedule extra workshops/events which we also notify all of our members about before picking a date/time for each one.
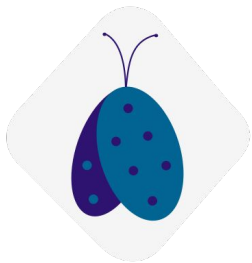

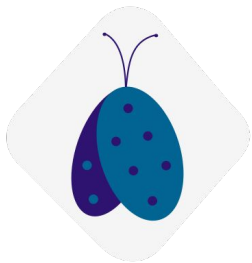

GROUP RULES

General rules

1. Be respectful towards other members at all times.

2. Refrain from using this community as your personal marketing platform.

3. Refrain from using this community as your dating platform.

4. Respect everyone's time and schedule when expecting a response/review/anything else.

5. Be careful not to take all tasks available just because you can - be a team player, leave something for everyone!

6. If you'd like to invite someone else to join us, you will need to speak to @Likii directly as we're limited on resources and unfortunately cannot support a large community just yet.

7. All members of this community must be over the age of 18.

Ticket Rules

1. You have to assign yourself to the ticket you're working on.

2. You need to keep your ticket status updated (In progress, QA, Done)

3. You can have a MAXIMUM OF THREE tickets with you during a sprint.

4. To get extra tickets speak to @Likii or @Admin Team directly.

5. To use third party services/tools/libraries of any kind please speak to @Likii or @Admin Team directly.

6. You're only allowed to take currently unassigned tickets.

7. You're only allowed to work on tickets from the current sprint (Active Sprint tab in Jira).

8. If you'd like to add a ticket to the current sprint please speak to @Likii or @Admin Team directly.

Reporting another member

1. To submit a report please contact @Likii directly.

2. All reports will be taken seriously and be reviewed by number of members

✨ The list of rules will get updated periodically and as we grow.

✨ Each time it does I will notify our members of the changes made
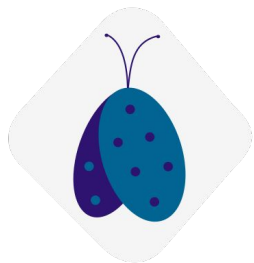

GETTING STARTED

Things you'll need to get started:

➡️ Code Editor (IDE) of your choice

➡️ Your own GitHub account

➡️ Access to group's Jira/GitHub/Figma accounts
    (please message @Likii to gain access)

F.A.Q

What types of events/workshops do we run and how often?

Friday Focus Session   Starts Fridays at 7PM UK time

Sprint Planning   Friday at 7:30 PM UK time
Sprint Review   Friday at 7:30 PM UK time
Sprint Retrospective   Friday at 7:30 PM UK time

**New Member Induction**   New Members - repeated event
Introduction To SEO   New Members - repeated event
**Introduction To GDPR**   New Members - repeated event

Is there a skill level required to participate in team activities and/or projects we run?

The team is purposely created for beginners and junior developers alike.

We have no skill or experience requirements and truly hope you'll be able to gain some while participating on our projects instead.
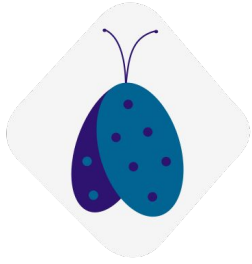

Do I need to be online and participating every day?

In short, no.

We run this group in a very casual way and we respect everyone has jobs and other responsibilities outside of it.

Participation is completely optional.

Do I need to pay a fee or donate in order to participate in any group activities?

No. There are no payments of any kind (donations included) and Likii would like to keep it that way.

We're sure every single member of this group would like to support it in multiple ways, but we'd prefer for it to not to be a financial one.

The End👋

We've reached the end of JDG onboarding document and hope it has given you enough information to get started.

Please feel free to ask @Likii or @AdminTeam for any assistance you might require while settling in.

Thank you for reading this far 💛
